PROFESSIONAL SUMMARY

Workforce planning and resourcing specialist with eight years of experience across Big 4 consulting (EY) and global IT services (Capgemini). Currently responsible for end to end staffing across a ~250 strong EY UK&I Consulting pool spanning Consultant to Partner grade, partnering with Engagement Leads and Practice Leadership on demand fulfilment, utilisation, bench health and skills based deployment. Day to day toolkit spans Profinda pipeline management, SEMA skills assessments, weekly Ops MI, and oversight of a small Resource Analyst team. A 2024 London secondment bridging EY UK&I and GDS resourcing operations adds direct cross regional exposure across two operating models.

PROFESSIONAL EXPERIENCE

Assistant Manager, Strategic Workforce Planning & Resourcing EY UK&I Consulting

Aug 2024 to Present • Gurugram, India

- Run day to day staffing for a ~250 strong pool spanning consultant to Partner / Principal grade; consistent 100% SLA adherence on demand fulfilment requests.
- Work closely with Engagement Leads and Practice Leadership on staffing trade offs and allocation queries; contribute inputs to build, borrow or buy discussions.
- Flag capacity gaps 4 to 6 weeks ahead through cadence meetings with practice and market leads; prepare shortlists and options for harder to fill roles.
- Use SEMA assessments to factor consultant skills, mobility and aspirations into deployment recommendations; flag utilisation outliers and rotation or recovery needs to Practice Leads.
- Produce weekly Ops MI (actuals, forecast chargeable hours, utilisation variance, bench ageing); keep pipeline and consultant data accurate across Profinda, Advance+ and Open Roles; guide and review the work of a small team of Resource Analysts.

Senior Consultant, International Resourcing Secondment EY UK&I to GDS Cross Regional

May 2024 to Aug 2024 • London, UK

- Selected for a 3 month secondment to EY London bridging UK&I and GDS resourcing teams across two geographies with different operating models, cost structures and demand cycles.
- Acted as day to day coordination point between UK&I and GDS resourcing; joined weekly leadership calls covering availability, forecast shifts and emerging staffing risks; ran knowledge transfer sessions to lift GDS familiarity with UK&I resourcing methodology.

Senior Consultant, Resourcing & Talent Deployment EY UK&I Consulting

Jan 2022 to Apr 2024 • Gurugram, India

- Met a consistent 48 hour role qualification turnaround within Profinda across 100% of assigned roles; ran SEMA assessments to factor in consultant skills, mobility and aspirations.
- Fed skills, mobility and aspiration data into career advisor and development discussions; followed structured shortlisting criteria to support DE&I outcomes in deployment.
- Produced weekly Ops MI and bench review reports flagging utilisation trends and risks for practice leadership.

Senior Analyst to Associate Consultant, Resource Management Capgemini

Jul 2017 to Jan 2022 • Mumbai, India

- Associate Consultant (Sep 2019 to Jan 2022): handled day to day deployment for a multi BU consultant pool; worked on URVE improvement through bench management, redeployment and absorption planning; partnered with HR on bench development plans.
- Senior Analyst (Jul 2017 to Aug 2019): produced weekly resource management reports on utilisation and demand and supply gaps; built workforce dashboards used by leadership for headcount and financial reviews.
